### Editorial

## MUCH MORE THAN A SEDAN. NOTHING LESS THAN A BMW.

The BMW 5 Series Gran Turismo transforms traditional into modern. The name's homage to classic Italian grand touring cars recalls those first cousins of high-performance sports cars – closed coupes that offered more room, comfort and refinement for making short work of long-distance drives. Since then, evolution in the Gran Turismo realm focused on increasing performance and front-seat comfort. It took until the BMW 5 Series Gran Turismo to make the next leap in GT design and capability.

The 5 Series Gran Turismo combines the elegance of a BMW Sedan with the performance and style of a Coupe and the versatility of a Sports Wagon. Up to five can share in the grand touring experience, with sumptuous accommodations further personalized with Luxury Line, Modern Line or M Sport, and cutting-edge infotainment.

The Coupe-inspired design gets a longer, lower look, with changes to the tailgate design also adding to the generous trunk space. There's growth under the long hood, too, where the 4.4-liter TwinPower Turbo V-8 in the 550i gets a boost to a staggering 445 horsepower. Both the V-8 and the 535i model's 300-hp TwinPower Turbo six-cylinder come teamed to an 8-speed STEPTRONIC automatic transmission, and both models can be equipped with the innovative BMW xDrive intelligent all-wheel-drive system.

The BMW 5 Series Gran Turismo's exhilarating handling will delight the driver through every curve. And it will delight all on-board with ride comfort well beyond that of "traditional" GTs. Credit goes to finely tuned suspension systems crafted largely from aluminum, along with available chassis technology exclusive to the segment, including Integral Active Steering, Active Roll Stabilization and Dynamic Damper Control.

Nor is there anything traditional about the connectivity and infotainment in both seating rows. In front, a new touchpad Controller for the standard iDrive 4.2 Navigation system works like the personal technology you use every day. In the second row, an available DVD entertainment system will please passengers of all ages. BMW ConnectedDrive® caters to both business and personal needs with a suite of office apps and Internet-based services. And optional BMW Concierge Services can make travel arrangements and more, on the go. A vacation with the family, a ski trip with friends, impressive comfort for clients – life's journeys are indeed grander when shared.

#### Equipment of the vehicle shown: BMW 535i Gran Turismo with Luxury Line.

Engine:	BMW TwinPower Turbo inline six-cylinder
Output:	300 hp
Wheels:	Double Spoke (Style 459) 20-inch light alloy
Exterior color:	Callisto Gray Metallic
Upholstery color:	Ivory White Nappa Leather with exclusive stitching
Interior trim:	Dark Wood trim

## RESHAPING THE LUXURY LANDSCAPE.

The concept is fresh, but the look of the 5 Series Gran Turismo remains unmistakably BMW. From the trademark kidney grille and taut bodylines to the famous Hofmeister kink defining the rear pillar, and LED taillights that create a distinctive nighttime signature, the 5 Series Gran Turismo leaves an unforgettable impression. It's an eye-catching design, yet elegant in its practicality.

## SPACE-EXPANDING VERSATILITY. TIME- COMPRESSING DRIVE.

If a car can't alter the laws of space and time, at least it can push them to their limits in superlative style. More compact than a full-size sedan and lower than an SAV<sup>®</sup> the BMW 5 Series Gran Turismo packages expansive cabin room and versatility to rival either. The roofline sweeps dramatically into the tailgate, yet preserves ample headroom for rear-seat passengers. BMW EfficientDynamics engineering, meanwhile, makes the 5 Series Gran Turismo a time-shrinking machine. The 550i xDrive can rocket from 0-60 in just 4.7 seconds;<sup>1</sup> the 535i's TwinPower Turbo inline six delivers 0-60 acceleration in 6.0 seconds<sup>1</sup> with equally impressive efficiency.

<sup>1</sup> BMW AG test results. Please see page 56 for detailed technical data.  
BMW urges you to obey all posted speed laws and always wear safety belts.

## SPACE PRODIGY.

The unique dual-access tailgate on the 5 Series Gran Turismo raises luggage handling to an art. With the rear seats in use, opening the lower lid below the rear window accesses the main trunk area, with a locking partition shielding passengers from the elements. The 40/20/40 split-folding rear seatbacks offer more flexibility than the more typical 60/40 split. And the rear seat can slide forward up to 2.8 inches to expand trunk space – and still leave more legroom than in most midsize sedans. With all rear seatbacks folded, open the full tailgate to load larger items into the cargo space.

## DEEP-SEATED LUXURY.

Second-row passengers travel first-class in the 5 Series Gran Turismo. For a scenic view, they sit a bit higher than front-seat occupants. For a relaxing ride, they can stretch out with nearly 40 inches of legroom and recline the seatbacks by up to 33 degrees. Rear-seat passengers can set personal temperature preferences with the four-zone climate control, while power side-window shades shield them from sunlight and offer privacy. Add rear-seat entertainment with DVD player, dual 8-inch screens and wireless headphones, and then get accustomed to hearing, "Are we there already?"
